Certification	Institution	Year
Certified Chief AI Officer (CAIO)	Udemy / School of AI	2025
Certified AI Implementation Professional (CAIIP)	Udemy	2025
AI & ChatGPT for Cyber Security 2025	Udemy	2025
LLM Engineering – Large Language Models & Agents	Udemy	2025
AI Powered Data Analytics Mastery (Vibe Coding)	Udemy	2025
Data Science & AI Masters (Python to Gen AI)	Udemy	2025
n8n AI Agents & Voice Automations	Udemy	2025
AI Voice Agents – Automate Calls (No-Code)	Udemy	2025
Technical Leadership for AI Era – Staff Engineer & Tech Lead	Udemy	2025

■ PROFESSIONAL EXPERIENCE

AI Strategy & Governance Consultant | Independent (2018 – Present)

- Designed and deployed multi-layer AI frameworks for enterprise and security clients.
- Implemented ethical AI governance aligned to NIST / GDPR compliance.
- Integrated AI-driven security operations into legacy infrastructure with zero breach record.
- Trained leaders in AI ethics, policy, and automation readiness.

Security & Compliance Director | Private Sector (2005 – 2018)

- Directed physical and digital security initiatives across multi-facility operations.
- Created compliance protocols meeting state and federal standards.
- Pioneered early automation processes that evolved into modern AI security systems.
- Led incident response and risk mitigation teams.

Lead Supervisor | Department of Youth Services (1998 – 2005)

- Supervised and mentored youth and staff within state rehabilitation programs.
- Implemented behavioral management and safety protocols.
- Coordinated training and compliance across departments.
- Developed leadership and discipline foundations for future AI governance roles.

■ FLAME LAW — EXECUTIVE MOTTO

“AI doesn’t replace leaders — it amplifies them.” ■■■
